A BIG ONE.

A Clothing Firm Fails at Cincinnati.

By Telegraph to THE SENTINEL.

CINCINNATI, Sept. 30.—Leopold Rosenfeld and Meyer Kaufman, clothiers at 31 West Pearl street, under the name of Rosenfeld & Kaufman, made an assignment to-day to Louis S. Levi. Their liabilities are estimated at \$100,000, and assets \$50,000. Yesterday chattel mortgags upon the stock, fixtures, etc., were given to preferred creditors to the amount of nearly \$40,000. Among these are James Levy, guardian of James Brown, A. Ackerman, Lottie Kaufman, B. Schroeder and J. Victor. The firm has rated very high but has been unfortunate recently. Mr. Kaufman has been blind and wholly unable to do business. Mr. Rosenfeld lost his wife a year ago and has since been almost incompetent to attend to business through grief. Their failure was a thorough surprise.

DRY ROT

Causes a Four Story Brick Building to Collapse.

By Telegraph to THE SENTINEL.

CHICAGO, Sept. 30.—A four-story brick building in the rear of 196 and 198 South Clark street collapsed at 2:30 o'clock this morning. The basement of the wrecked structure was used as the working part of a bakery and several employes were engaged there just prior to the fall. They, however, were warned by the cracking of the walls and rafters and left the scene of danger. Only a few minutes after the roof fell in with a crash and all the floors down to the first story. The rear wall also fell out. The loss is estimated at \$50,000. No one was injured. It was ascertained that the collapse was caused by dry rot in the timber at a point where the girders rested on the joists.

THREE IMBECILS

In an Insane Asylum Burned to Death.

By Telegraph to THE SENTINEL.

HELENA, Mont., Sept. 30.—A special from Warm Springs says: One of the buildings of the insane asylum was burned yesterday and three of the inmates, A. R. McGee, Hanna Belcher and Hector Milan perished in the flames. It is not known how the flames originated.

TENEMENT HOUSES BURNED.

MINNEAPOLIS, Sept. 30.—A destructive fire occurred last night, destroying one-third of a large tenement block, owned by Gale Bros., on Court place and Fifteenth street and a portion of Neill's tenement row on the opposite side of the street. Seven families were rendered homeless. Neill's loss is \$1,000; insurance \$1,300. Gale Bros. loss on buildings is \$20,000; insurance not known. The people burned out lose about \$12,000; insurance about one-half.

AT CINCINNATI.

CINCINNATI, Sept. 30.—A six story brick building on Race and Commerce street, used as a trunk and box factory by Mendon & Rosenburger, burned this morning. Loss, \$45,000; insurance, \$40,000. The origin of the fire is not known. One hundred and twenty employes are out of work.

On a Thieving Expedition.

By Telegraph to THE SENTINEL.

OMAHA, Sept. 30.—Official information has been received at military headquarters that two hundred Pigeon Indians have left their reservation in the far north west and are now on a thieving expedition in southern Montana, about two hundred miles from old Fort Smith.

A Skirmish With Indians.

By Telegraph to THE SENTINEL.

TUCSON, A. T., Sept. 30.—A courier arrived from Major Davis' command with the intelligence that on the 22d instant he had a fight with the Apaches, killing one hostile and wounding several.

His command lost one scout killed. The Indians retreated into the mountains. Davis followed early next morning and was joined by Crawford and scouts.

THE NATION.

A Collector Named at Detroit. By Telegraph to THE SENTINEL.

WASHINGTON, D. C., Sept. 30.—The president appointed Dudley O. Wilson, collector of customs for the district of Michigan.

It is estimated there has been a decrease of about \$12,000,000 in the public debt during the month of September. Payments on account of pensions during the month were about \$4,000,000.

The president sent for Dr. J. B. Hamilton, surgeon general of the marine hospital service, this morning, and informed him that he thought the best interests of that service would be served by making no change in this department and therefore had decided not to accept his resignation.

MR. SANTOS AND HIS GRIEVANCE.

Mr. Julio R. Santos called again at the state department to-day, in connection with his claim for damages against the government of Ecuador. He will leave at once for Ecuador, to get up the evidence necessary to prove the extent of his pecuniary losses; the unjustifiable nature of his arrest, the hardships endured and the falsity of the statements transmitted to the state department, of complicity in revolutionary movements. He declares that the statements against him have been secured from timid and ignorant men, by means of intimidation on the part of the Ecuadorian government, and that he will have no trouble in proving this. The people, in fact, are in sympathy with him and others who suffered with him. He expects to return to Washington by the first of January. The Ecuadorian authorities do not yet recognize Mr. Santos' American citizenship, but being acknowledged by the government of the United States, he fears no annoyance while engaged in securing his evidence.

THINKS HE HAS SOMETHING BETTER.

Mr. Horace G. Jacobs, assistant supervising architect of the treasury, has tendered his resignation to take effect October 31st. This action was entirely voluntary on his part and was taken in order that he might accept a business offer from a Washington firm. Mr. Jacobs is a native of Maine, and has been in the treasury for nearly twenty-five years.

The President today appointed James Blair postmaster at Grand Rapids, Michigan, vice H. N. Moore suspended.

Ward's Statement.

By Telegraph to THE SENTINEL.

NEW YORK, September 29.—Ferdinand Ward to-night left an unsigned statement, with the warden of the Ludlow street jail, to be given to the press. In it he says that he gave schedules to the receivers showing what was done with the money of Grant & Ward. He says that one of these statements shows that from 1880 to 1884, he paid out \$633,000, for his personal account; that of this, sums he invested \$573,000 in real estate, which he turned over to Mr. Warner on the morning after the failure; that this leaves \$120,000 for his living expenses, during that time, but that he, during the same period, received \$120,000 on his individual investments; therefore he says none of Grant & Ward's money was appropriated by him. He asserts that the wrongs done have injured to the benefit of others, whom he declines to name until his trial comes on, but says he has no objection to their publication by the receivers.

Terrible Affairs.

By Telegraph to THE SENTINEL.

QUEBEC, September 29.—A letter from Father Fournand, director at Hauront mission, on the Saskatchewan river to Reil's counsel in this city, is published. The writer draws a horrible picture of the terrible destitution and suffering of 260 half breeds women and children in his mission, in consequence of the killing, flight or imprisonment of the male population. To crown all their misery, they have been told by the government agents that there are no more provisions to give them. Father Fournand adds that if this is the last word the Canadian government has to say, it is equivalent to a death warrant, not only for these but for the missionaries as well.

Irwin Noble and Ed Davis, professionally known as the Darlington brothers, left to-day on their skatual tour. Their first stand is at Delphos.

MAD AT LAST.

The Sultan Mobilizing His Army for War.

By Cable to THE SENTINEL.

CONSTANTINOPLE, Sept. 30.—The indications to-day point to active war preparations by the Porte. Eighty battalions of first class reserves are being mobilized in the districts bordering on the Black Sea at points which will facilitate the transportation of troops for duty in Roumelia, in the event of the sultan being compelled to adopt extreme measures to settle the Roumelian difficulty. The transportation department is actively engaged in furnishing means for the concentration of troops at the most available points for an advance on Roumelia. Three battalions of infantry and a company of artillery stationed on the island of Crete have been ordered to Adrianople.

THE FIRST BATTLE.

Four iron clads are actually preparing for sea, but there are only 600 tons of coal available and their departure may possibly be delayed on that account. Yesterday Turkish troops fired on Roumelian outposts at Mustapha Pasha, a town in Roumelia, twenty miles northwest of Adrianople. The outposts were immediately re-enforced and a skirmish ensued in which the Turks were defeated and forced to retreat, carrying with them a number of wounded.

LONDON, Sept. 30.—A dispatch from Constantinople received this afternoon says: "Considerable consternation prevails in official circles over the discovery just made by Alib Sahib Pasha, the new minister of war, to the effect that under the late minister of war, who was dismissed September 25, the army was almost entirely neglected and the large sums voted for the military were used in other ways. The Adrianople army, which was supposed to be 15,000 strong, contains not half that number of soldiers who have no uniforms and are shoeless. The cavalry have no horses or accoutrements."

The Trouble at Montreal.

By Telegraph to THE SENTINEL.

MONTREAL, Sept. 30.—Two small disturbances occurred last night, one at Gray nursery and the other, later on the Champ DeMars. The police had received information that a mob would assemble at the latter place, and a strong force was on hand. On becoming unruly the crowd was quickly dispersed. A man named Urgioire was arrested for inciting the crowd. Joseph Pierrut and his son were also arrested. Every thing is quiet this morning. The large force of militia has evidently had a good effect.

A Train Wrecked.

By Telegraph to THE SENTINEL.

BLOOMINGTON, Ill., Sept. 30.—At 4 o'clock this morning the Indianapolis, Bloomington and Western west bound passenger train was derailed at Davis by a broken locomotive. Isaac Cornell, of Ellsworth, Ill., Luke Ellsworth, young Taylor and others were injured.

ANOTHER WRECK.

INDIANAPOLIS, Sept. 30.—An Indianapolis and St. Louis train and an Indiana, Bloomington and Western freight train collided at the crossing near Brightwood this morning. Conductor Tyffe, of the St. Louis train, was killed. Fourteen cars were destroyed.

Agassiz Declines.

By Telegraph to THE SENTINEL.

NEW YORK, Sept. 30.—A Washington special to the Post says that Prof. Alexander Agassiz has found it necessary to decline the office of superintendent of the coast surveys.

Massachusetts Republicans.

By Cable to THE SENTINEL.

SPRINGFIELD, Mass., Sept. 30.—The state republican convention made these nominations: Governor Robinson was renominated for governor; Hon. Henry B. Pierce, for secretary of state; Hon. A.

W. Beard, of Boston, was named for state treasurer and receiver general; Hon. Charles R. Ladd, for auditor, and Edgar L. Sherman, for attorney general.

Ohio Canvass.

By Telegraph to THE SENTINEL.

CLEVELAND, September 29.—Thirty thousand and one hundred and eighteen voters have been registered in Cleveland. This is 5,000 less than voted last november.

CINCINNATI, OHIO, September 29.—She registration of voters in this city, under the law enacted May last, closes to-night. There has been a very general acquiescence in the law and a pretty full registration. The wards have been subdivided into voting precincts, with a view to have not more than 300 voters in any precinct. Many charges of fraudulent registration have been made, but only a few have so far been traced. A man to day offered to sell mayor Smith any number of registration certificates. He was immediately arrested and found to have a number of apparently genuine certificates in his possession.

Registration in Cincinnati foots up to 40,096, which is about 5,000 less than the total vote at the presidential election last year.

A Desperate Fight.

By Telegraph to THE SENTINEL.

PITTSBURG, PA., September 29.—A Scottsdale, Pa. special says: A desperate knuckle prize fight between Frank Murphy, of McClure station, and William Marrissey of Dunbar, for \$200 a side took place at the foot of the mountain near here, early this morning. The contest was under the London prize ring rules and lasted two hours, fifty-nine rounds being fought. Marrissey was badly punished and in the last few rounds, to avoid further punishment dropped on his knees. This angered Murphy, who finally struck him while down and the fight was given to Marrissey on the claim of foul.

Denounced.

By Telegraph to THE SENTINEL.

NEW YORK, September 29.—The Irving hall Democrats, at a mass meeting to-night, ratified the Democratic nominations. Ex-Senator I. C. E. Ecclesin made a speech, in which he referred to the mugwumps as "traitors in their own party and ditubers in ours. "Civil service was a "heresy," and "offensive partisanship" was its "twin brother."

NEW YORK, September 29th.—A rumor circulated in this city to-day, that Mr. John Kelly had experienced a serious relapse, was generally discredited.

By Telegraph to THE SENTINEL.

RUSSELLVILLE, Ind., September 29.—This evening, Thomas and George Wilson, cousins, met, when an old feud was settled by Thomas shooting and killing George. The trouble dates back several years and a woman figures as the chief cause.

The Second Great Game Between the New York and Chicago Clubs.

The First Inning Closes With a Clean Whitewash for Both of the Clubs.

The Second and Third Innings Go Likewise--Yesterday's Game Concluded.

THE SECOND

Game Between New York and Chicago.

By Telegraph to THE SENTINEL.

CHICAGO, Sept. 30.—There are prospects of an enormous attendance to-day at the game of base ball. Betting is still even.

AT BAT.

Chicago won the toss and New York went to bat. There are no ground rules. The first inning resulted New York, nothing; Chicago, nothing.

The clubs did not score a run in the second or third innings.

In the fourth inning the Chicagoes scored 1 and the New Yorks none.

YESTERDAY'S GAMES.

The first game of the deciding series, for the League championship, between the New York and Chicago base ball clubs, in this city to-day, resulted in a victory for the Chicago club, by the following score:

Innings..... 1 2 3 4 5 6 7 8 9
Chicago..... 4 0 0 2 0 0 1—7
New York..... 0 0 2 0 0 0 0—2

The crowd which witnessed the opening game, between the New York and Chicago base ball clubs, for first position and the National Pennant, was worthy of the occasion. It numbered at least 10,000 people. The New Yorks presented their strongest playing, front with Welch and Ewing, as their battery; while Chicago presented McCormick and Kelley as their reserve battery. The crowd was so large that it stretched along the sides of the field and special field rules were adopted at the request of the New York men, to the effect that any hit which reached into the crowd, would be counted as a three bases. The game abounded in some very remarkable playing and was played in earnest on both sides. There was only one fielding error, that of Gerhardt and it did not affect the result.

OLDEN TIMES

The formula by which Mishler's Herb Bitters is compounded is over two hundred years old, and of German origin. The entire range of proprietary medicines cannot produce a preparation that enjoys so high a reputation in the community where it is made as

MISHLER'S HERB BITTERS.

It is the best remedy for Kidney and Liver Complaints, Dyspepsia, Cramp in the Stomach, Indigestion, Malaria, Periodical Complaints, etc. As a Blood Purifier, it has no equal. It tones the system, strengthens, invigorates and gives new life.

The late Judge Hayes, of Lancaster Co., Pa., an able jurist and a devoted citizen, once wrote: "Mishler's Herb Bitters is very widely known, and has acquired a great reputation for medicinal and curative properties. I have used myself and in my family several bottles, and I am satisfied that the reputation is not unwarranted."

OFFICIAL PAPER COUNTY AND CITY.

WEDNESDAY, SEPT. 30, 1885.

The Ohio election is two weeks off, and things are growing hot.

JOHN R. FELLOWS, of New York, says the party will find a strong man to take the place of Flower on the ticket, and adds: "New York is a democratic state, and, in my opinion, will so vote this fall."

The Hartford Globe having published that Mr. Barnum connived at the tragic taking off of the elephant Jumbo, which was sick, for advertising purposes, Barnum has brought suit for \$50,000 damages.

PRESIDENT CLEVELAND, while not altogether satisfied with the democratic ticket and platform in New York, is anxious for the success of his party at the approaching election, will and do all that he can with propriety to bring about that result.

AMONG those who are preparing papers on special subjects to be read at the approaching reunion of the members of the legislature of 1851-2 are T. A. Hendricks, R. W. Thompson, W. H. Engleish, W. S. Holman, W. E. Niblack, A. R. Hovey, William McKee Dunn, H. P. Biddle, John Lyle King, of Chicago, R. N. Hudson and O. P. Badger.

An old fisherman at Fire Island, of the Jersey coast, claims that after the shipwreck when Margaret Fuller was lost, he found her body lying on the beach in her nightgown, which was marked by her name, and that he wrote to the brothers Fuller and Horace Greeley about it without receiving any answer; that he went up to New York to see Mr. Greeley, but they seemed to take no notice of the fact; and that he then buried Margaret Fuller at Coney Island, and could identify the spot.

The most curious way of committing suicide which the physicians have ever known about was taken by a French butler, named Anatole Lefort, went to a room which has two iron bedsteads. He moved the beds so they stood a little over four feet apart, and then attached an endless towel, one of the kind that runs on a roller, to the iron frame of one of the beds in such a way that it left a slipnoose near the center. He put his head through the noose, then lifted his feet and stuck them through the iron frame of the other bed. His weight tightened the noose around his neck and he died from strangulation, his body being suspended between the two beds.

AN Essex County (Eng.) gatherer of simples thus described recently depression of spirits: "You know, sir, bad spirits means that the liver is out of order. The doctors give you a deadly mineral pizen which they call blue pill, and it certainly do pizen 'em, but then you run the chances of being pizenized yourself. You've noticed the 'oles in a sheep's liver after it's cut up, haven't you? Well, them 'oles is caused by slugs, and 'uman beings is infested just the same. So as amsig (horses), but they don't never take no blue pill. Catch them! The doctors know all about it, bless yer, but they don't talk so plain as me. I calls out-of-sortsiness 'slugs in the liver,' and for which I charge thruppence. They calls it 'sluggishness of the liver,' and pizen 'em with a penn'orth of blue pill, for which they charges a guinea, and as often as not they pizen the patient, too."

The postmaster general is about to issue an additional circular of instructions to postmasters where the special delivery service has been established. Among other things the circular will advise postmasters to impress upon the senders of letters bearing the official delivery stamp the necessity of an accurate address, giving the names of the streets and numbers of houses wherever practicable, or failing in that respect, an indication of the business of the person addressed. This last precaution is

deemed necessary in small towns where no system of numbering houses prevails, and where there may be two or more individuals bearing similar names. The public will also be reminded of the advantage to be derived from writing requests for the return of non-delivered matter upon envelopes.

AMUSEMENTS.

The Townsend Company.

The Harry Townsend company played "Damon and Pythias" to a small audience last night and this evening close their engagement at the Academy with "Pizarro." The company will lose money here.

JOE JEFFERSON.

Mr. Joseph Jefferson, probably the greatest of living comedians, will appear at the Maebio Temple Thursday evening next in his original and artistic creation of "Bip Van Winkle." Comment is scarcely necessary, as the simple announcement of such an event of interest to the lovers of high comedy ought to prove sufficient to fill every seat in the Temple. Some people question Mr. Jefferson's coming, as if Mr. Simonson could be a party to such a fraud. Joe Jefferson will be here as certain as tomorrow night comes.

COMING ATTRACTIONS.

Lotta and the Tavernier Dramatic company play against each other Monday night next. Lotta appears at the Temple in "Nitouche," while the Tavernier company play ——— at the Academy. Both attractions are handsomely billed.

The president of the Cambridge, Mass., Fire Ins. Co. recommends Hood's Sarsaparilla as a building up and strengthening remedy.

The value of building permits in Kansas City since January 1, 1885, is in the neighborhood of \$4,000,000.

Remarkable efficacy of Mishler's Herb Bitters in diseases similar to cholera—cholera morbus, dysentery, etc.—is truly wonderful. A citizen of Lancaster, Mr. John Broach, while at his occupation of plastering, was taken down with a severe attack of cholera morbus of the worst type, and was completely prostrated, could not move a limb. His friends in alarm sent for a bottle of Mishler's Herb Bitters, which he partook of freely, and almost in less time than it takes to write this Mr. Broach was again at work, wholly relieved from pain. Equally efficacious is Mishler's Herb Bitters in all diseases of the liver and kidneys, now so common and destructive.

Earl Dufferin, vice-roy of India, telegraphs to the British government, of the necessity which has arisen for armed intervention in Burmah to the effect that he has ordered the chief commissioner in British Burmah to send to King Thebaw a protest against the exactions of the Burmah trading associations. The tenor of the Earl of Dufferin's advice, points to the early annexation of Burmah. The Burmese envoy, at Paris, in an interview, said that the sole object of his mission was to arrange a treaty of commerce with France, and to resist the annexation of Burmah to India, in every possible manner.

Beware of Scrofula

Scrofula is probably more general than any other disease. It is insidious in character, and manifests itself in running sores, pustular eruptions, boils, swellings, enlarged joints, abscesses, sore eyes, etc. Hood's Sarsaparilla expels all trace of scrofula from the blood, leaving it pure, enriched, and healthy.

"I was severely afflicted with scrofula, and for over a year had two running sores on my neck. Took five bottles of Hood's Sarsaparilla, and consider myself cured."

CANCER OF TONGUE!

A Case Resembling that of Gen. Grant.

Some ten years ago I had a scrofulous sore on my right hand which gave me great trouble, and under the old time treatment was healed up, and I supposed I was well. I found, however, it had only been driven into the system by the use of potash and mercury and in March, 1885, it broke out in my throat, and concentrated in what some of the doctors denominated cancer. I was placed under treatment for this disease. Some six or seven of the best physicians of the country, and me at different times under their charge, among them three specialists in this line; but one after another would exhaust their skill and drop me, for I grew worse continually. The cancer had eaten through my cheek, destroying the roof of my mouth and upper lip, then attacked my tongue, palate and lower lip, destroying the palate and under lip entirely and half my tongue, eating out to the top of my left cheek bone and up to the left eye. From a hearty, robust woman of 150 pounds, I was reduced to a mere frame of skin and bone, almost unable to turn myself in bed. I could not eat any solid food, but subsisted on liquids and my tongue was so far gone I could not talk. The anguish of mind and the horrible sufferings of body which I experienced never can be revealed. Given up by physicians to die, with no hope of recovery upon the part of friends who sat around my bedside expecting every moment to be my last; in fact, my husband would place his hand on me every now and then to see whether I was alive or not, and at one time all decided that life was extinct, and my death was reported all over the country.

Such was my wretched and helpless condition the first of last October (1885), when my friends commenced giving me Swift's Specific. In less than a month, the eating places stopped and healing commenced, and the fearful aperture in my cheek has been closed and firmly knitted together. A progress of a new under lip is progressing finely, and the tongue which was almost destroyed is being recovered, and it seems that nature is supplying a new tongue. I can talk so that my friends can readily understand me, and can eat solid food again. I am able to walk about wherever I please without the assistance of anyone and have gained fifty pounds of flesh. All this is due to Swift's Specific. I am a wonder and a marvel to all my friends, friends and friends who have known my intense sufferings, and have visited me in my afflictions. While I am not entirely well, yet my gratitude is none the less devout, and I am confident that a perfect recovery is now in sight. If any doubt these facts, I would refer them to Hon. John H. Traylor, state senator of this district, who is my neighbor, Dr. T. S. Bradfield, of LaGrange, Ga., or to any other persons living in the southern part of Troup county, Ga.

REV. DR. PRIME

The Rev. Dr. S. Irenius Prime died at Manchester, Vt., on July 18th. Samuel Irenius Prime was born at Ballston, N. Y., on November 4, 1812, and was the son of the Rev. Nathaniel Souder Prime. He inherited literary tastes from his father, and developed

precocious aptitude as a student. He was only thirteen when he was admitted to Williams College, and when he graduated three years later he was among the first honor students of his class.

He at once began to study theology diligently, and received his license to preach in 1833, when twenty years of age. He preached his first sermon in the town of Bedford. He continued to study so hard while working as an itinerant Presbyterian clergyman that his health broke down, and he was compelled by his physician to take a long rest. He went back to work with such unremitting zeal when his long vacation was over that his health failed a second time, and he was compelled to choose another occupation than the pulpit. His tastes led him into literature and journalism, and in 1840 he obtained an editorial position on the New York Observer and infused new life into the editorial page of that periodical. He secured a controlling interest by purchase, in 1858, and from that time to his death continued the chief editor of the Observer. His capacity for work astonished those about him. For years he contributed to the paper six columns of matter a week, and when fire swept away the old offices in Park Row in 1880 he took two stenographers to a parlor in a hotel and dictated a whole page of editorials in a few hours, and the paper appeared promptly on time.

Dr. Prime passed about four years in travel abroad and published sketches of his journeys and many other volumes. His works include "Travels in Europe and the East," "Letters from Switzerland," "The Alhambra and the Kremlin," "The Old White Meeting House," "Life in New York," "Animals on the Death of Little Children," "The Power of Prayer" (a sketch of the Fulton street prayer meeting), "The Bible in the Levant," "Memoirs of the Rev. Nicholas Murray," "Under the Trees," and "Life of S. F. B. Morse." "The Power of Prayer," which was first published in 1859, was translated into several languages, and was reprinted in Europe, Asia, and Africa, attaining a circulation of more than 175,000 copies.

His weekly letters signed "Irenius," have appeared in the Observer since 1857. He always took an active part in the business of the Presbyterian General Assemblies, and was a hard working officer in many religious societies. He met many public men, and often told anecdotes of his meetings with every President of the United States from Andrew Jackson to Chester A. Arthur.

Dr. Prime was married half a century ago, and leaves a widow and four children, two sons and two daughters.

JOHN ROACH.

The recent failure of the greatest American ship-builder, has attracted the attention of all business men and politicians both in America and in England. John Roach, who is well known by reason of his strong advocacy of the protective policy and of subsidies to steamships, was born in Ireland. He came to this country when sixteen years

old. Three years from his beginning life in the United States he had accumulated \$1,500, and leaving the balance of his savings in the hands of Mr. Allaire, for whom he had worked, took a small amount of cash and started for the West with the intention to buy land. Mr. Allaire's failure in business killed this project and left the young man under the necessity of working as a laborer in order to live. He returned to New York, and shortly afterwards set up in business, in which he prospered for a while, but was afterwards financially ruined by the explosion of a boiler. Undaunted he started afresh and became the owner of a foundry in which were built the largest engines ever constructed in the United States up to that time. After a few years he bought out the Morgan Iron Works, the Neptune, the Franklin Forge and the Allaire Works. In November, 1871, he also bought the ship-yards at Chester, Pa., owned by Messrs. Baines & Sons. Since that time he has built many iron

GRANT'S REMARKABLE HISTORY.

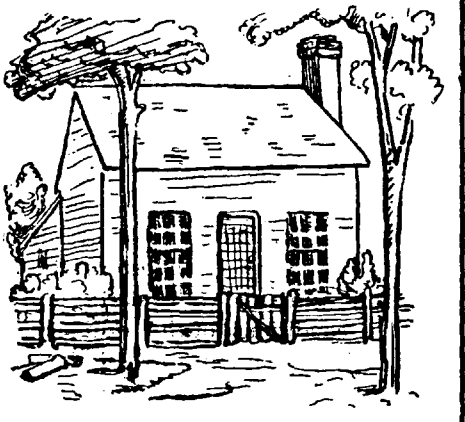

Ulysses Simpson Grant was born at Point Pleasant, Ohio, April 27, 1822, and is of Scotch descent. In 1838 his parents removed to Georgetown, O., where his boyhood was passed. He entered West Point in 1839. He graduated in 1843, entering the army as a second lieutenant. In 1845 the regiment was ordered to Texas to join the army of Gen. Taylor. He had his first experience of war in the battle of Palo Alto, May 8, 1846, and he also took part in the siege of Vera Cruz. On Sept. 8, 1847, he was appointed on the field a first lieutenant for his gallantry. He married Miss Julia T. Dent, of St. Louis, 1848. He resigned his commission in 1854. In 1859 he was in the employ of his father in the leather trade in Galena, Ill.

At the fall of Fort Sumter he at once offered his services to the Government,

and was appointed to command a company of volunteers. On July 31 he was appointed to the command of the troops at Mexico, Mo., forming a part of Gen. Pope's force, and on Aug. 23 was promoted Brigadier-General of Volunteers. Gen. Halleck commanding the Department of Missouri, gave Grant the command of the district of Cairo. In February, 1862, he advanced on Forts Henry and Donelson with 15,000 men. Fort Donelson was taken after a desperate and bloody assault ten days later. As the first great victory of the Federal arms, this capture roused the country to the highest pitch of enthusiasm, and Grant was made a Major-General, his commission dating from the day of battle. On April 6, 1862, reorganizing the Union army, which had been almost routed by Gen. Albert Sidney Johnston at Pittsburg Landing, Grant drove the Confederates back to Corinth. The loss was not far from 12,000 on each side. Gen. Grant was slightly wounded.

On the recall of Halleck, Grant was given command of the West Tennessee Department, defeated Price at Booneville, and in command at Corinth and moved on Vicksburg with the Thirteenth Army Corps. After several unsuccessful attempts against "the Gibraltar of the Mississippi," he laid siege to the city on the 18th of May. After desperate fighting and fearful carnage the place surrendered July 4, 1863, with 27,000 prisoners. With nearly 700,000 men in the field Grant now planned two campaigns to be carried on simultaneously against vital points of the Confederacy—the one under Gen. Meade to operate against Richmond, defended by Lee,

BIRTHPLACE OF GENERAL GRANT. the other, under Sherman, against Atlanta, defended by Johnston. Grant began his operations against Richmond May 3 with a force of 140,000 men. The day after the success of Spotsylvania he sent his famous despatch to the Government, which closed with the words: "I purpose to fight it out on this line if it takes all summer." His losses during this campaign were 54,551 killed, wounded and missing. Lee's losses were 32,000. The situation then narrowed itself down to a siege of Petersburg, which Grant began. Grant conducted the operations against Petersburg with vigor, but at a terrible cost of bloodshed. On April 2, 1865, Petersburg fell, and the next day the "last ditch" was crossed and Grant entered Richmond. Then came the historic scene at Appomattox Court-House, when Gen. Lee surrendered with 27,000 men on April 9.

In 1868 Grant was elected President of the United States and was re-elected in 1872.

During the last session of the Forty-second Congress the salary of the President was doubled. On March 4, 1877, Grant retired from the Presidency, and on the 17th of May he embarked, with his wife and elder son, for Philadelphia on a tour around the world.

DREXEL COTTAGE, MT. McNEER, N. Y.

On June 16 1885 General Grant made the journey from New York to Mount McGregor, N. Y., in hopes of gaining strength after his winter of anxiety and literary work. At eight o'clock on the morning of July 23rd he was carried off the battle field of life surrounded by his family.

Jones' \$1.50 Cabinets warranted.

A GENTLEMAN just from Europe says that ex-Attorney General Brewster has purchased some marvelous old china to add to the fabulous stores which used to make his dinner tables "a thing of beauty," the same plates never reappearing after being used for one course. Among the treasures is a set of Sevres dessert plates that formerly belonged to Louis Philippe; and other bits of historic ware appear on his table. All of the silver bears the Brewster crest, and much of the heavy old plate is of ancient designs that tell a history by themselves. Anything like his old Venetian and Bohemian glassware is rarely met with on dinner tables, and into his quaint old glasses there are poured some remarkable wines.

Baron Tennyson.

Tennyson says in his latest poem on Spring:

"The blackbirds have their wills, The poets too,"

The blackbirds often have the best of it, too, for they seldom have dyspepsia or debility, while many poets have both these diseases, as can easily be seen. Poets and others afflicted with dyspepsia or rheumatism can obtain relief by using Brown's Iron Bitters. Mr. Timothy Cook, Pleasant Grove, Pa., says he was cured of dyspepsia of two years' standing by taking one bottle of Brown's Iron Bitters.

REV. DR. PRIME

The Rev. Dr. S. Irvin Prime died at Manchester, Vt., on July 18th.

Samuel Irvin Prime was born at Ballston, N. Y., on November 4, 1812,

and was the son of the Rev. Nathaniel Bender Prime. He inherited literary tastes from his father, and developed

provisions aptitude as a student. He was only thirteen when he was admitted to Williams College, and when he graduated three years later he was among the first honor students of his class.

He at once began to study theology diligently, and received his license to preach in 1832, when twenty years of age. He preached his first sermon in the town of Bedford. He continued to study no hard while working as an itinerant Presbyterian clergyman that his health broke down, and he was compelled by his physician to take a long rest. He went back to work with such unremitting zeal when his long vacation was over that his health failed a second time and compelled him to choose another occupation than the pulpit. His tastes led him into literature and journalism, and in 1840 he obtained an editorial position on the New York

Observer and infused new life into the editorial page of that periodical. He secured a controlling interest by purchase, in 1848, and from that time to his death continued the chief editor of the *Observer*. His capacity for work astonished those about him. For years he contributed to the paper six columns of matter a week, and when fire swept away the old office in Park Row in 1846 he took two stenographers to a parlor in a hotel and dictated a whole page of editorial in a few hours, and the paper appeared promptly on time.

Dr. Prime issued about four years in travel abroad and published sketches of his journeys and many other volumes. His works include "Travels in Europe and the East," "Letters from Switzerland," "The Alhambra and the Kermel," "The Old White Meeting House," "Life in New York," "Animals of the English Bible," "Thoughts on the Death of Little Children," "The Power of Prayer," "The Bible in the Levant," "Memoirs of the Rev. Nicholas Murray," "Under the Tree," "Life of S. F. H. Morse," "The Power of Prayer," which was first published in 1839, was translated into several languages, and was reprinted in Europe, Asia, and Africa, attaining a circulation of more than 125,000 copies.

This weekly letters signed "Ironides," have appeared in the *Observer* since 1837. He always took an active part in the business of the Presbyterian General Assembly, and was a hard working officer in many religious societies. He met many public men, and often told anecdotes of his meetings with every President of the United States from Andrew Jackson to Chester A. Arthur.

Dr. Prime was married half a century ago and leaves a widow and four children, two sons and two daughters.

JOHN ROACH.

The recent failure of the greatest American ship-builder, has attracted the attention of all business men and politicians both in America and in England.

John Roach, who is well known by reason of his strong advocacy of the protective policy and of subsidies to seamen, was born in Ireland. He came to this country when sixteen years

old. Three years from his beginning life in the United States he had accumulated \$1,500, and leaving the balance of his savings in the hands of Mr. Allaire, for whom he had worked, took a small amount of cash and started for the West with the intention to buy land. Mr. Allaire's failure in business killed this project and left the young man under the necessity of working as a laborer in order to live. He returned to New York and shortly afterwards set up in business, in which he prospered for a while, but was afterwards financially ruined by the explosion of a boiler. Undaunted he started afresh and became the owner of a foundry in which were built the largest engines ever constructed in the United States up to that time. After a few years he bought out the Morison Iron Works, the Neptune, the Franklin Forge and the Allaire Works. In November, 1871, he also bought the ship yards at Chester, Pa., owned by Messrs. Brown & Sons. Hence that time he has built many iron steamships.

GRANT'S REMARKABLE HISTORY.

Ulysses Simpson Grant was born at Point Pleasant, O., April 27, 1822, and is of Scotch descent. In 1823 his parents removed to Georgetown, O., where his boyhood was passed. He entered West Point in 1839. He graduated in 1843, entering the army as a second lieutenant. In 1845 the regiment was ordered to Texas to join the army of Gen. Taylor. He had his first experience of war in the battle of Palo Alto, May 8, 1846, and he also took part in the siege of Vera Cruz. On Sept. 8, 1847, he was appointed on the field, his first lieutenant for his gallantry. He married Miss Julia T. Dent, of St. Louis, 1848. He resigned his commission in 1854. In 1859 he was in the employ of his father in the leather trade in Galena, Ill.

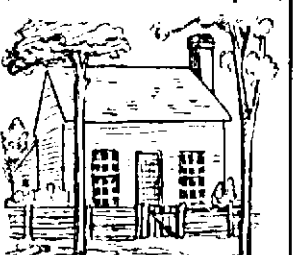

At the fall of Fort Sumter he at once offered his services to the Government,

GENERAL GRANT.

and was appointed to command a company of volunteers. On July 31 he was appointed to the command of the troops at Mexico, Mo., forming a part of Gen. Pope's force, and on Aug. 23 was promoted Brigadier-General of Volunteers. Gen. Halleck, commanding the Department of Missouri, gave Grant the command of the district of Cairo. In February, 1862, he advanced on Fort Henry and Donelson with 15,000 men. Fort Donelson was taken after a desperate and bloody assault ten days later. As the first great victory of the Federal arms, this capture roused the country to the highest pitch of enthusiasm, and Grant was made a Major-General, his commission dating from the day of battle. On April 6, 1862, reorganizing the Union army, which had been almost routed by Gen. Albert Sidney Johnston at Pittsburg Landing, Grant drove the Confederates back to Corinth. The loss was not far from 12,000 on each side. Gen. Grant was slightly wounded.

On the result of Halleck, Grant was given command of the West Tennessee Department, defeated Pemberton, moved on to Vicksburg with the Thirteenth Army Corps. After several unsuccessful attempts against "The Gibraltar of the Mississippi," he laid siege to the city on the 18th of May. After desperate fighting and fearful carnage the place surrendered July 4, 1863, with 27,000 prisoners. With nearly 70,000 men in the field Grant now planned two campaigns to be carried on simultaneously against vital points of the Confederacy—the one under Gen. Meade to operate against Richmond, defended by Lee,

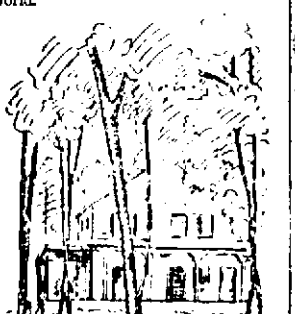

BATTLE OF GENERAL GRANT.

the other, under Sherman, against Atlanta, defended by Johnston.

Grant began his operations against Richmond May 3 with a force of 140,000 men. The day after the success of Spotsylvania he sent his famous dispatch to the Government, which closed with the words: "I purpose to fight it out on this line if it takes all summer." His losses during this campaign were 54,551 killed, wounded and missing. Lee's losses were 22,000. The situation then narrowed itself down to a siege of Petersburg, which Grant began. Grant concluded the operations against Petersburg with vigor, but at a terrible cost of bloodshed. On April 2, 1865, Petersburg fell, and the next day the "last ditch" was crossed and Grant entered Richmond. Then came the historic scene at Appomattox Court-House, when Gen. Lee surrendered with 27,000 men on April 9.

In 1868 Grant was elected President of the United States and was re-elected in 1872.

During the last session of the Forty-second Congress the salary of the President was doubled. On March 4, 1877, Grant returned from the Presidency, and on the 17th of May he embarked, with his wife and elder son, at Philadelphia on a tour around the world.

WHITE HOUSE, WASHINGTON, D. C.

On June 16, 1885, General Grant made the journey from New York to Mount McGregor, N. Y., in hopes of gaining strength after his winter of anxiety and hard military work and the sufferings from a cancer. At eight o'clock on the morning of July 23rd he was carried off the battle field of life surrounded by his family.

A GENTLEMAN just from Europe says that ex-Attorney General Brewster has purchased some marvelous old china to add to the fabulous stores which used to make his dinner tables "a thing of beauty," the same plates never reappearing after being used for one course. Among the treasures is a set of Sevres dessert plates that formerly belonged to Louis Philippe; and other bits of historic ware appear on his table. All of the silver bears the Brewster crest, and much of the heavy old plate is of ancient designs that tell a history by themselves. Anything like his old Venetian and Bohemian glassware is rarely met with on dinner tables, and into his quaint old glasses there are poured some remarkable wines.

Teunynson says in his latest poem on Spring:

"The blackbirds have their wills,

The poets too."

The blackbirds often have the best of it, too, for they seldom have dyspepsia or debility, while many poets have both these diseases, as can easily be seen. Poets and others afflicted with dyspepsia or rheumatism can obtain relief by using Brown's Iron Bitters. Mr. Timothy Seck, Pleasant Grove, Pa., says he was cured of dyspepsia of two years' standing by taking one bottle of Brown's Iron Bitters.

It is rumored that the Walash pay car will make another payment this month. If this is true it will square the road with its employees. Three visits of the pay car in one month would be a remarkable occurrence.
"Dr. Peters, who stole the surgical instruments from Dr. G. N. Fitch's office, was let off from the circuit court yesterday and so thoroughly scared by the sheriff and his deputies that it is thought he left town," says the Logansport Pharos.
Application has been made to the governor for the pardon of Charles Brown, of Elkhart, who appropriated \$2.65 which he found in a pocket book in Greene county, and was sentenced to three years in the penitentiary. Judge Woods, of the federal court, endorsed the application.
"Mr. M. A. Hutchinson, who recently moved here from Fort Wayne, has opened a new grocery house in Fred Kopp's building, on East Market street, recently occupied as a feed store. Mr. H. is a very clever man to deal with, and, as he has come to stay, we speak for him a good share of patronage," says the Huntington News.
District Passenger Agent Wade, of the Walash, states that the passenger business of the I. P. and C., is increasing perceptibly. The conductors now furnish him with a daily report of the number of passengers on incoming trains. The freight business is also on the increase and the impression prevails that the I. P. and C., is one of the Walash's best divisions.
Some time ago the Walash people advertised a \$5 excursion to Toronto throughout the state, and a number of country papers announced the same through their local columns. The type, however, made it appear in one of the papers that the excursion was to Topeka, and somebody sent a marked copy of the publication to one of the dailies in the capital of Kansas. Now the Walash agents are flooded with applications for tickets.
The Brotherhood of Locomotive Firemen, at their convention in Philadelphia, passed a resolution condemning the practice of certain railroads in black-listing men. It was claimed that when a man was discharged by a superintendent that man's name was furnished other superintendents who would refuse him work on application. If this practice became general a discharged employee would find it impossible to procure work in any place in the country. Some forcible speeches were made on the subject and the resolution was unanimously adopted.
Billy Halle, of Huntington, was sentenced to two years in the prison north by the circuit court jury last evening. The young man forged a check on A. S. Lantieri and was caught in the act by the police. The fellow has done a term before and had a failing for forgery. His old mother attended the trial and weeps. Brannan & Watkins, of Huntington, and J. M. Robinson, of this city, made a fine defense for Halle, pleading his insanity. Prosecutor Dawson made a bitter charging address and cut to pieces the argument of the defense intimating that Halle's "insane" longing for forged checks afflicted him most when his purse was slim. Mr. Dawson is not a pleasant man to run against in a criminal case. He generally gets two rebuffs for the criminal.

COMING HOME.
Rev. Bishop Dwenger to Return To-Morrow Evening—His Reception Arranged.
It is now pretty definitely settled that Rt. Rev. Bishop Dwenger will arrive in the city to-morrow evening at 7 o'clock sharp, via the Pittsburg road. Very Rev. Father Brummer went out to meet him last night and this telegram explains itself.
To Rev. J. F. Lang.
Pittsburg, Pa., Sept. 30, 1885.
The Rt. Rev. Bishop has just arrived at St. Vincent's college, forty-nine miles east of Pittsburg. I have not seen him yet.
The arrangements for the reception of the prince of the church are most complete and thousands of friendly faces will greet him when he steps from the train. A reception committee from the different churches will meet the bishop at Lima in a special train to-morrow and the City Band will hail his coming here at the head of the Catholic societies of the city. Two evergreen pyramids, surmounted by crosses, grace the entrance to the Cathedral and inside them Mayor Mayor Muhler will welcome the great bishop.
Rt. Rev. Bishop Rademacher, of Nashville, is in the city. He came especially to meet Rt. Rev. Bishop Dwenger on his return from Rome. It is quite probable that Bishop Rademacher will accompany the delegation to Lima to-morrow. Numerous clergymen of this diocese will also be here to pay their respects to their superior. Bishop Dwenger has been absent since February.
ANNOUNCEMENTS.
The young men's societies of the Cathedral are hereby notified to turn out to-morrow evening to join in the parade that receives Rt. Rev. Bishop Dwenger, on his arrival in the city. The bishop will reach here at 7 o'clock. Please report timely at headquarters, Library hall.
Rev. T. M. O'Leary, Director.

The men's sodality, of the Cathedral, are hereby requested to turn out to-morrow evening to meet the Rt. Rev. Bishop, who arrives here at 7 o'clock. Please report timely at headquarters, Library hall. By order of
Rev. T. M. O'Leary, Director.
Geo. Litor, Prefect.
L. Jockwell, Secretary.
KNIGHTS OF ST. JOHN.
You are hereby commanded to appear at Library hall Wednesday evening at 7:30 o'clock, to complete arrangements for the reception of the Rt. Rev. Bishop. By order of J. B. Morris, St. Warden.
JOHN HAYES, Commander.
The Walash in Court at Chicago.
In the Walash railway litigation before Judge Blodgett, Elmer W. Adkinson, of the town of Lake, yesterday filed a petition for an order of the court to compel the Walash road to carry passengers on their cars running between Chicago and Sixty-third street in return for tickets issued by the Western Indiana railroad company. He states that one of the conditions of the ordinance on which, in 1873, the town of Lake granted to the Western Indiana road and its lessees the right of the way through the town was that the company or its lessees should run two trains daily each way between Chicago to Auburn. The roads were to stop at Sixty-third street, and the fare there to be five cents by ten ride tickets. The Walash road, which is a lessee of the Western Indiana company, has refused to honor these tickets. The court ordered that the receivers, Humphrey and Tutt, answer the petition in twenty days.
The Free Delivery System.
The immediate delivery system goes into effect here to-morrow. There are other features of the system not noted yesterday by THE SENTINEL. For instance, a Fort Wayne gentleman is in Chicago, Cincinnati or some Indiana city. He is anxious to communicate with his business partner or house or his family that day. He mails his letter, well aware that the train which conveys it to Fort Wayne will not reach here until 7 or 8 or 9 o'clock at night, and that under the general delivery system his letter would not reach its destination until the following day. But upon its arrival in Fort Wayne at 7, 8, 9, or 10 o'clock at night, it is at once entrusted to a messenger and delivered in a half or three-quarters of an hour after its receipt at the office to any part of the city.
The Charity Chess Carnival.
There was an exceedingly fashionable gathering at the Princess last evening to witness a chess carnival with living figures. The ladies looked on only and as pretty as pictures, while the men in royal colors were handsome and warlike. The game was played by F. W. Kuhne and Dr. W. H. Myers. The result was a victory for Mr. Kuhne. Several features of the game were applauded and after its conclusion dancing was the order under the direction of Prof. Mahler. Supper and refreshments were served and the Ladies Relief Corp will realize something like \$800 from the novel entertainment.
Attention Baptists.
The monthly covenant meeting of the church has been changed from Friday

evening to Wednesday evening. If you are an out and out Baptist, please be on hand this evening. If you have not yet identified yourself with them, do so at once. Come whether you have your letters or not. There will be a great meeting and a large attendance this evening. Song service precedes the other exercises.
THE STATE COUNCIL.
Of the Prohibition Party in Annual Session at Indianapolis—A Fort Wayne Lady Honored.
The prohibition council of Indiana met yesterday afternoon at Platten's hall, Indianapolis, there being about 100 persons in attendance. The meeting was called to order by Sylvester Johnson, president, who delivered his annual address. He spoke of the success of the prohibition movement, and said that during the past year there has been a marked advance all along the line, and said: "In conclusion let me say that the prohibition of the liquor traffic is an object worth a life of labor. Let us give it. Let us sacrifice in time or money be too great to make. The reward is sure to come, if not in time, it will in eternity."
The following committee on resolutions was appointed: D. T. Brown, Mrs. Mary E. Belch, Mrs. Caroline Hodgson; also the following committee on nominations of officers: Mrs. Wood, Mrs. Hobbs, Rev. Allen Tavis, C. J. Winch and Preston Rider. A number of short addresses were made, after which the last named committee reported the following, who were elected officers for the ensuing year:
President—Sylvester Johnson.
Vice Presidents—C. J. Winch, Mrs. M. L. Wells, of Fort Wayne, Mrs. Caroline R. Hodgson.
Secretary—U. R. Carter.
Treasurer—E. F. Ritter.
The meeting still continues.
It is rumored that the Walash management contemplates the erection of shop buildings at Andrews next spring in conformity with the plans prepared three years ago. A civil engineer has carefully inspected the company's grounds at the yards, and if business continues good this winter THE SENTINEL is advised work on the shop buildings will commence with the opening of warm weather.
William Keck, a well known farmer of Perry township, Saturday night last lost by fire his fine new barn, containing a pair of horses, his agricultural implements and his gathered crops. There was no insurance.
John Klue has a snake story and implicates Simon Kelly in it. This snake is located on East Wayne street and the young men insist they looked it. They can't help it.
"No Phlegm, Sir, in Mine!"
A good story comes from a boy's boarding school in "Jersey." The diet was monotonous and constipating and the learned principal decided to introduce some old style physic in the apple sauce and await the happy results. One bright lad, the smartest in school, discovered the secret mine in his sauce and pushing back his plate, shouted to the pedagogue, "No phlegm, sir, in mine. My dad told me to use nothing" but Dr. Pierce's "Pleasant Purgative Pellets" and they are doing their duty like a charm!" They are anti-billions and purely vegetable.

QUITE A GATHERING.
The Police Pick up Numerous Offenders—Their Peculiar Hackets Detailed.
Police court had a lively appearance this morning, and Mayor Muhler looked with some satisfaction on the work of the night police. Robert Walker was up on a charge of drunkenness and so was Tom Kenney. These fellows hit some pretty hard whisky and made numerous trips to the water spout to quench the flame that tarried in them to recall the pleasures of their spree. The gentlemen now grace the stone pile.
Alex Mallowell was in again regaled in a red shirt and flashy necktie of the same hue. He looked as fresh as a daisy and protested to the mayor that this was his last fall. He will take an oath to abstain the cup that deludes and says that Fred Eckert will give him \$200 if he quits drinking. In view of this change and the approaching marriage of Mr. Mallowell's son Mayor Muhler suspended judgement.
Adam Lincoln was up on a charge of drunkenness, but the gravest offense was provoking Officer Tremmel, who "ran him in." Mayor Muhler fined the fellow, who expects bail.
James Ritter keeps the old Gillet saloon, where countless fights and love scenes have been enacted over the beer tables. He has no license and the mayor assessed a fine that will teach him a trick or two.
Frank Coleman, a vagrant, was sent to the stone pile on a bread and water diet. He is one of the fellows that want to winter here.
Tom Scanlan was arraigned for beating his wife. The case against him was strong, his wife having stated to Officer O'Ryan that she was afraid to live with him. Mayor Muhler fined the man for his brutality to his family.
The case against Frank Jorris, who waylaid a fellow cigar maker, comes up to-morrow. Jorris was a member of the recent "boycott" committee that annoyed merchants.
The state secretary of the Y. M. C. A., Dr. L. M. Munhall, desired to meet the members of the executive committee of young men appointed to aid at the state convention, at the Railroad Reading rooms this evening at 7:30 o'clock. It is very important that each of these gentlemen should be present to ascertain from the state secretary just what he may desire of him.
Charles W. Nettle (Commodore Foote) was yesterday appointed guardian of Daniel W. Roam.
Dr. C. B. Stemen is at New York city. He has been absent now a week.
HOOD'S ONE DOLLAR.
Is inseparably connected with Hood's Sarsaparilla, and is true of no other medicine. It is an unanswerable argument as to strength and economy, while thousands testify to its superior blood-purifying and strengthening qualities.
